

7BBC2018 – FINAL SCHEDULE – ORAL PRESENTATION

**SUNDAY 09/09/2018 – Department of Biology and Ecology, Trg Dositeja Obradovića 2, Novi Sad
18.00 – 21.00 – Registration in the lobby**

**MONDAY 10/09/2018 – University of Novi Sad, Rectorate, Zorana Đinđića bb, Novi Sad (Lobby and Amphitheatre) and Ecological center
"Radulovački", Mitropolita Stratimirovića 5, Sremski Karlovci**

8.00-10.00	Registration – Lobby
10.00-11.00	Opening ceremony – Amphitheatre
11.00-11.30	Welcome cocktail – Lobby
11.30-17:45	Plenary lectures – Amphitheatre
11.30	0001. Niketić M., Tomović G. & Stevanović V.: TOWARD THE ANNOTATED CHECKLIST OF VASCULAR FLORA OF SERBIA - OBJECTIVES, METHODOLOGY AND CHALLENGES
12.15	0002. Sokoloff D.D., Remizowa M.V., Timonin A.C., Oskolski A.A. & Nuraliev M.S.: TYPES OF ORGAN FUSION IN ANGIOSPERM FLOWERS AND PATTERNS OF THEIR EVOLUTIONARY TRANSFORMATIONS
13.00-15.00	Lunch – Restaurant "Zeppelin", Kej žrtava racije bb, Novi Sad
15.00	0003 Marhold K.: POLYPLOID COMPLEXES IN THE (SUB-) MEDITERRANEAN: EXAMPLES FROM THE GENUS <i>CARDAMINE</i>
15.45	0004 Janišová M.: GRASSLAND RESEARCH AND CONSERVATION WITHIN THE EURASIAN DRY GRASSLAND GROUP (EDGG)
16.30	Coffee & cookie break – Lobby
17.00	0005 Essl F.: TRENDS AND CONSEQUENCES OF BIOLOGICAL INVASIONS IN THE ANTHROPOCENE
17.45	Information about evening program in Sremski Karlovci – Amphitheatre
18.00	Trip to Sremski Karlovci – Departure in the front of the Rectorate
18.30	Walking tour in Sremski Karlovci
19.30-22.00	Program in Ecological center "Radulovački", Mitropolita Stratimirovića 5, Sremski Karlovci
19.30	Welcome speech
19.40	020809. Rat M., Knežević, J., Perić R., Đurđev D., Šandorov T., Varga G. & Milenković D.: DIGITIZATION OF ANDREAS WOLNY'S HERBARIUM, TREASURE OF THE SREMSKI KARLOVCI GRAMMAR SCHOOL: 1797-2017, STATE-OF-THE-ART
19.55	Award ceremony
20.15	050412. Strid A. MAPPING THE FLORA OF GREECE (Book presentation)
20.30	Music and cocktails
22.00	Departure for Novi Sad

TUESDAY, 11/09/2018 – Department of Biology and Ecology, Trg Dositeja Obradovića 2, Novi Sad & Institute for Nature Conservation of AP Vojvodina, Radnička 20, Novi Sad

9.00-19.00 Department of Biology and Ecology, Trg Dositeja Obradovića 2, Amphitheatre 1 and Lobby

Session 2. Plant Taxonomy and Systematics - **Introductory Lectures and **Oral presentations**, Amphitheatre 1**

- 9.00 010222. **Marin P. D.**: Plant Systematics and Systematists - where we are, where to go?
- 9.20 020213. **Frajman B. & Schönswetter P.**: Disentangling relationships in different groups of *Euphorbia* Subgen. *Esula* (Euphorbiaceae) from the Balkan Peninsula
- 9.40 060201. **Rottensteiner W.**: *Aconitum* Subsectio *Burnatii*, subsectio *nova*
- 9.55 070214. **Kolár F., Šrámková G., Záveská E., Lučanová M. & Marhold K.**: Genetic diversity of diploid populations of *Arabidopsis arenosa* and *A. halleri* in Central and SE Europe
- 10.10 080215. **Šlenker M., Kudoh H., Mandáková T., Zozomová-Lihová J. & Marhold K.**: Introduction of *Cardamine occulta* into Europe and origin of this species
- 10.25 090218. **Španiel S., Marhold K. & Zozomová-Lihová J.**: *Alyssum montanum* - *A. repens* group (Brassicaceae) in the Balkans, genetic and morphological patterns and revised taxonomic treatment

10.40 Coffee & cookie break – Lobby

- 11.10 030226. **Bogdanović S., Rešetnik I., Temunović M., Šatović Z. & Liber Z.**: Phylogeography of the AmfiAdriatic *Campanula garganica* complex
- 11.30 100227. **Rešetnik I., Frajman B. & Schönswetter P.**: Insights into polyploid evolution, rapid radiation and extensive gene flow in Dinaric taxa of the Genus *Knautia* (Caprifoliaceae)
- 11.45 110258. **Rat M., Andrić A., Bogdanović S., Radak B., Barina Z., Bokić B. & Anačkov G.**: How complicated actually is Genus *Ornithogalum*?
- 12.00 120217. **Salmeri C., Brullo S., Cambria S. & Bogdanović S.**: Taxonomic and phylogenetic relations of *Allium chamaespathum* Boiss., a remarkable species of Balkan flora
- 12.15 130239. **Harpke D., Gemicioglu A. & Jovanović M.**: Introgression, hybrid speciation and crossing barriers in *Crocus* L. (Iridaceae)
- 12.30 140238. **Raca I., Lazarević M., Žikić V., Nikolić D., Harpke D. & Randelović V.**: Geometric morphometrics of perigone segments shape in different species from series *Verni* Mathew (*Crocus* L. Iridaceae)
- 12.45 050209. **Humbatov Z.**: A new species of the Genus *Taxus* (Taxaceae) *T. talyschensis* Gum., from Talysh

13.00 Lunch – Restaurant “Zeppelin”, Kej žrtava racije bb, Novi Sad

- 15.00 040256. **Zlatković B., Mitić Z., Jovanović S., Lakušić D., Lakušić B., Rajković J. & Stojanović G.**: Morphological variability, epidermal structures and composition of epicuticular waxes of *Sedum album* complex (Crassulaceae) in Balkan peninsula

- 15.20 150202. [Király G.](#), [Sochor M.](#) & [Trávníček B.](#): Taxonomy and Biogeography of brambles (*Rubus*, Rosaceae) in the NW Balkans
15.35 160255. [Kovački M.](#), [Király G.](#), [Sochor M.](#) & [Anačkov G.](#): *Rubus* Subgen. *Rubus* on Fruška gora Mt (Serbia)
15.50 170252. [Dođru-Koca A.](#) & [Zare G.](#): Phylogeny of *Valerianella* (Valerianaceae)
16.05 180205. [Ozcan M.](#) & [Akinci N.](#): Micromorphological and Carpological investigations on some representative *Cardue* (Asteraceae) taxa from NE Anatolia

Session 8. Botanical Collections and History – Introductory Lecture and Oral presentations, Amphitheatre 1

- 16.20 010812. [Jogan N.](#): Balkan herbaria: Do we have to worry about them?
16.40 030804. [Karousou R.](#), [Hanlidou E.](#), [Gkelis S.](#), [Koureas D.](#) & [Kokkini S.](#): Digitising historical botanical collections from a phytodiversity hot spot
16.55 040814. [Šegota V.](#), [Vilović T.](#) & [Zovko I.](#): Orchid diversity within *Herbarium Croaticum sensu stricto* and *Herbarium Ivo and Marija Horvat* collections

17.10 **Coffee & cookie break – Lobby**

17.10-19.00 **Poster presentations: Session 2. Plant Taxonomy and Systematics and Session 8. Botanical Collections and History - Lobby**

9.00-21.00 – Institute for Nature Conservation of AP Vojvodina, Radnička 20, Amphitheatre and Lobby

Session 9. Ethnobotany – Oral presentations, Amphitheatre

010901 [Dafni A.](#) & [Boeck B.](#). Medicinal plants of the Bible - past, present and future – scheduled to Friday 15:15

- 9.20 020910. [Jug-Dujaković M.](#), [Šolić I.](#), [Grdiša M.](#), [Łuczaj Ł.](#) & [Varga F.](#): Traditional wild food plants used in Knin area, Croatia
9.35 030902. [Alpinar A.](#) & [Olcay B.](#): Ethnobotany of Arums in Turkey
9.50 040907. [Šegota V.](#), [Vuković N.](#), [Rimac A.](#), [Vilović T.](#), [Koletić N.](#), [Limić I.](#) & [Alegro A.](#): Decorative indigenous plants of Zagreb farmers' markets (Central Croatia)
10.05 050915. [Kaya Z.](#), [Yaman B.](#), [Tunçkol B.](#) & [Özel B. H.](#): Bartin's native geophytes and their economic importance

10.20 **Coffee & cookie break – Lobby**

Session 6. Phytochemistry and Plant Resources – Introductory lectures and Oral presentations, Amphitheatre

- 11.00 010672. [Janačković P.](#): Phytochemistry - botanists's point of view
11.20 030626. [Zheljazkov V. D.](#), [Cantrell C. L.](#), [Stoyanova A.](#), [Semerdjieva I.](#), [Radoukova T.](#), [Astatkie T.](#) & [Dincheva I.](#): Essential oils and podophyllotoxin in *Juniperus sabina*, *J. excelsa* and *J. virginiana* in Bulgaria
11.35 040675. [Dodoš T.](#), [Rajčević N.](#) & [Marin P. D.](#): Surface flavonoids as chemotaxonomic markers in differentiation of *Satureja montana* and *S. subspicata*
11.50 050639. [Kladar N.](#), [Anačkov G.](#), [Salaj N.](#), [Bekut M.](#), [Srđenović B.](#), [Gavarić N.](#) & [Božin B.](#): Phytochemical screening and evaluation of St. John's worth (*Hyperici herba*, *Hypericum perforatum*, Hypericaceae) biological potential - the importance of crude drug quality control

- 12.05 060647. **Gavrilović M., de Oliveira A. F. M., Barbosa M. O., Susanna A., Garcia Jacas N., Marin P. D. & Janačković P.:** Cypselae fatty acid composition of two subspecies of Balkan *Amphoricarpos autariatus* Blečić & Mayer (Compositae)
- 12.20 020660. **Božin B. & Orlović S.:** New approach for plants sustainable exploitation - health tracks and forest bathing
- 12.40 070631. **Salaj N., Jeremić K., Bekut M., Gavarić N., Srđenović B., Kladar N. & Božin B.:** The influence of *Satureja kitaibelii* Wierzb. ex Heuff. addition on the oxidative stability of sunflower and olive oil during storage
- 12.55 080659. **Gavarić N., Kladar N., Jeremić K., Bekut M., Srđenović B., Samojlik I. & Božin B.:** Potential of *Melissa officinalis* postdistillation waste extracts - pharmacodynamic studies

13.10	Lunch – Restaurant “Zeppelin”, Kej žrtava racije bb, Novi Sad
15.15 - 17.30	Poster presentations: Session 6. Phytochemistry and Plant Resources and Session 9. Ethnobotany - Lobby
19.30	Opening of the exhibition of the Hungarian Natural History Museum

WEDNESDAY, 12/09/2018 – EXCURSIONS; Gathering in the front of the Rectorate, Zorana Đinđića bb

Time of departure	Excursion and guides
10.00am	1. Fruška gora National Park - Orthodox monasteries, wineries, ethnography Alen Kiš, dr Biljana Panjković & dr Goran Anačkov
08.00am	2. Titelski breg-Kovačica-Deliblatska peščara - steppe flora and vegetation Vida Stojšić & Mirjana Ćuk
09.00am	3. Okanj bara-Banja Rusanda-Slano Kopovo - flora and vegetation on continental salines Ranko Perić & Jelena Knežević
08.00am	4. Obedska bara-Zasavica - flora and vegetation of the wetlands Vladimir Dobretić & dr Dušanka Cvijanović

THURSDAY, 13/09/2018 – Department of Biology and Ecology, Trg Dositeja Obradovića 2, Novi Sad & University of Novi Sad, Rectorate, Trg Zorana Đinđića bb, Novi Sad

9.00-13.00 & 17.05-19.00 Department of Biology and Ecology, Trg Dositeja Obradovića 2, Amphitheatre 1, Amphitheatre 2 and Lobby

Session 1. Plant Anatomy and Physiology – **Introductory lectures and **Oral presentations**, Amphitheatre 1**

- 9.00 010107. **Sinjushin A.**: Morphogenetic effect of genome size in tribe Fabeae (Fabaceae)
- 9.20 020151. **Theologidou G., Ipsilantis I. & Tsialtas I.**: Influence of phosphorus fertilization on arbuscular mycorrhizal colonization and phosphatase activity on lentil (*Lens culinaris* Medik.)
- 9.40 030116. **Grašič M., Sakovič T., Abram D., Vogel-Mikuš K. & Gaberščik A.**: The variability of leaf silicon and calcium content in *Deschampsia cespitosa*
- 9.55 040128. **Golob A., Osmić A. & Germ M.**: The response of Kohlrabi sprouts (*Brassica oleracea* L. var. *gongilodes* L.) to the addition of selenate and selenite
- 10.10 050102. **Filiz E., Çikili Y., Kulac S. & Samet H.**: Nitric oxide alleviates cadmium toxicity on black poplar (*Populus nigra*): Physiological approaches
- 10.25 060152. **Gekas F., Papathanasiou F. & Tokatlidis I.**: Evaluation of maize inbred lines and hybrids under drought stress using physiological traits

10.40 **Coffee & cookie break – Lobby**

Session 7. Agronomy and Forestry – **Introductory lectures and **Oral presentations**, Amphitheatre 2**

- 9.15 010712. **Stojnić S., Kesić L., Topić M., Vaštag E. & Orlović S.**: Adaptive variation in physiological, anatomical and morphological traits of European beech populations in Southern Europe
- 9.35 020710. **Yaman B., Köse N. & Özel H. B.**: The effect of temperature and precipitation on radial growth of oriental beech in the Amanos mountains (Southern Turkey)
- 9.50 030707. **Savić A., Pavlović D., Božić D. & Vrbničanin S.**: The impact of *Ambrosia artemisiifolia* on the vegetative production of *Ambrosia trifida*
- 10.05 040701. **Oljača R., Rodzkin A., Krstić B. & Govedar Z.**: Why cultivate plantations of willow?

10.40 **Coffee & cookie break – Lobby**

11.00-13.00 **Poster presentations - Session 1. Plant Anatomy and Physiology, Session 3. Plant Molecular Biology and Genetics and Session 7. Agronomy and Forestry – Lobby**

13.00 **Lunch – Restaurant “Zeppelin”, Kej žrtava racije bb, Novi Sad**

8.30-17.05 Rectorate, University of Novi Sad, Zorana Đinđića - Amphitheatre and Lobby

Session 4. Flora, Vegetation and Phytogeography – **Introductory lectures** and **Oral presentations**, Amphitheatre

- 8.30 010457. **Tomović G., Vuksanović S., Lubarda B., Niketić M. & Stevanović V.:** Balkan endemic plants in three Balkan countries - similarities versus specificities
- 8.50 020479. **Schönswetter P., Kirschner P., Záleska E., Arthofer W., Frajman B., Gamisch A., Schlick-Steiner B. & Steiner F.:** More than an appendix – populations of inner-Alpine and Western Balkan steppe species are more divergent and conservation relevant than anticipated
- 9.10 060404. **Tan K. & Biel B.:** The flora of Amorgos
- 9.25 070408. **Cikovac P. & Hölzle I.:** Glacial relicts in the Mediterranean Dinarides - a phenomenon of cold-air pool microclimates?
- 9.40 080425. **Raus T., Dimopoulos P. & Karadimou E.:** Vascular plant diversity on the Christiana island group and Aspronisi island (Cyclades, Greece)
- 9.55 090444. **Shuka L. & Malo S.:** Distribution and conservation status of the endemic plant taxa in Albania
- 10.10 100426. **Iliadou E., Bazos I., Kougioumoutzis K., Karadimou E., Kokkoris I., Panitsa M., Raus T., Strid A. & Dimopoulos P.:** Taxonomic diversity patterns in the northern Sporades islets complex (Greece)
- 10.25 110481. **Farhat P., Siljak-Yakovlev S., Adams R., Thierry R. & Bou Dagher Kharrat M.:** Geographical distribution of diploid and tetraploid populations of *Juniperus sabina* L.
- 10.40 120401. **Jogan N.:** Grasses (Poaceae) of Vojvodina (N Serbia), results of herbarium revision
- 10.55 Coffee & cookie break
- 11.25 030447. **Vassilev K., Macanović A., Pedashenko H., Ačić S., Apostolova I., Assenov A., Barudanović S., Bergmeier E., Boch S., Čarni A., Chytrý M., Čušterevska R., Fanelli G., Filipova E., Fotiadis G., Ganeva A., Georgiev S., Gospodinov G., Grigorov B., Gumus M., Kabaš E., Konstantinou M., Karakis G., Kostadinova S., Kostadinovski M., Krasniqui E., Čuk M., Kuzmanović N., Lakušić D., Mašić E., Matevski V., Nacheva R., Nazarov M., Palpurina S., Pirini C., de Sanctis M., Selisiou M., Shivarov V. V., Sopotlieva D., Stešević D., Dajić Stevanović Z., Stoyanov Y., Tsiripidis I., Velev N., Vrahnakis M., Zelnik I. & Dengler J.:** Balkan dry grassland database - overview, current status and future perspectives
- 11.45 130463. **Ačić S., Šilc U., Šoštarić I. & Dajić Stevanović Z.:** Grassland vegetation of Serbia - classification, ecology and biodiversity
- 12.00 140430. **Purger D., Krstonošić D., Házi J. & Bartha S.:** *Chrysopogon gryllus* in loess grasslands on the southern limits of the Carpathian Basin
- 12.15 150465. **Čuk M., Botta-Dukát Z., Chytrý M., Igić R., Ilić M., Janišová M., Kuzemko A., Rédei T., Škvorc Ž., Vukov D., Willner W. & Čarni A.:** Pontic-Pannonian sand vegetation - synthetic overview
- 12.30 160414. **Tzonev R., Dimitrov M., Gussev C., Pachedjieva K., Gogushev G., Apostolova-Stoyanova N., Nikolov I., Alexandrova A. & Glogov P.:** Phytosociological achievements and gaps in the knowledge of the submediterranean thermophilous forests and woods in Bulgaria

- 12.45 170405. **Terzi M. & Jasprica N.**: Chasmophytic vegetation of the *Centaureo cuspidatae-Portenschlagiellion ramosissimae* (south-eastern Adriatic, NE Mediterranean)
- 13.00 180411. **Terzi M., Jasprica N., Caković D. & di Pietro R.**: Xerothermic cliff vegetation of the Central Mediterranean Basin
- 13.15 **Lunch – Restaurant “Zeppelin”,** Kej žrtava racije bb, Novi Sad
- 15.00 040478. **Alegro A., Vukelić J., Šapić I., Šegota V., Stankić I. & Baričević D.**: Phytogeography of Grey alder (*Alnus incana*) phytocenoses in the Dinarides
- 15.20 190454. **Stupar V., Čarni A., Mandžukovski D., Tzonev R., Dimitrov M., Tsiripidis I. & Škvorc Ž.**: Classification of *Caprinus orientalis* dominated communities in Balkan peninsula
- 15.35 200452. **Hanlidou E., Koutouvela E., Tsoulkanaki O., Panou M. & Gkelis S.**: Changes between current and past composition of the macro- and microflora in the rice fields of the National park of the delta of Axios - Loudias - Aliakmon (N Greece)
- 15.50 210420. **Rigó A., Nemcsok Z. & Barina Z.**: The floristic composition of mud vegetation in dried water reservoirs in Albania
- 16.05 220409. **Vukov D., Ilić M., Ćuk M., Radulović S., Igić R. & Janauer G. A.**: Macrophyte habitat fragmentation in the middle course of the Danube river
- 16.20 230431. **Cvijanović D., Damnjanović B., Novković M., Vesić A., Živković M., Anđelković A., Vukov D. & Radulović S.**: The role of hydrological regime in structuring macrophyte assemblages in gravel pit lakes along the Drina river floodplain (Serbia)
- 16.35 240664. **Radošević A., Kovačević A., Cvijanović D., Jovin I., Janković J., Vukašinović N., Damnjanović B., Novković M., Živković M. & Radulović S.**: A prediction framework for aquatic vegetation using artificial neural networks
- 16.50 250440. **Hruševar D., Bakrač K., Miko S., Ilijanić N., Hasan O. & Mitić B.**: Pollen and charcoal as keys for understanding vegetation dynamics during the past - case study from Central Croatia

Department of Biology and Ecology, Trg Dositeja Obradovića 2, Lobby

17.05-19.00 – **Poster presentations - Session 4.** Flora, Vegetation and Phytogeography and **Coffe and Cookie break**

20.30 Restaurant “Alaska barka”, Novi Sad, Ribarsko ostrvo - Gala Dinner

FRIDAY, 14/09/2018 – Department of Biology and Ecology, Trg Dositeja Obradovića 2, Lobby, Amphitheatre 1 and Amphitheatre 2

9.30-10.30 **Poster presentations - Session 5. Conservation Botany and Plant Invasion and Session 10. Cryptogam Biology**

10.30

Coffee & cookie break – Lobby

11.00-12.35 & 14.00-15.05 Session 5 - Conservation Botany and Plant Invasion – Introductory lectures and Oral presentations, Amphitheatre 1

- 11.00 010504. **Bancheva S. & Vladimirov V.:** Conservation of plant diversity in Bulgaria
- 11.20 030501. **Dülgeroğlu C. & Aksoy A.:** Assessing impacts of climate change on a critically endangered endemic species: *Campanula yaltirikii* H. Duman
- 11.35 040529. **Petrova A., Venkova D. & Gerasimova I.:** Conservation activities for a population of *Dactylorhiza kalopissii* - a globally threatened species
- 11.50 050506. **Strat D. & Holobiuc I.:** Rare plant species on the sandy shore from Danube delta, Romania: threats and conservative status
- 12.05 060511. **Dragičević S. & Četković I.:** Some notes about protected Bryophyta in Montenegro
- 12.20 **Project presentation - Molnár Zs., Demeter L., Kiš, A., Szabados K., Marinkov J., Babai, D., Ulicsni, V. & Biró M.:** Traditional pig grazing in the Bosut forest (Serbia) - ethnoecological and conservational perspectives

12.40-14.00

Lunch – Restaurant “Zeppelin”, Kej žrtava racije bb, Novi Sad

- 14.00 020508. **Vladimirov V., Anastasiu P., Bazos I., Jogan N., Rat M. & Uludağ A.:** Invasive plants species of vascular plants in the Balkan peninsula - current condition and challenges in research
- 14.20 070522. **Rimac A., Alegro A., Vuković N., Šegota V., Koletić N. & Stanković I.:** An overview of alien aquatic flora of Croatia - new insights from national monitoring of macrophytes
- 14.35 080516 **Anđelković A., Živković M., Cvijanović D., Novković M., Marisavljević D., Pavlović D. & Radulović S.:** Rivers in Serbia as important plant invasion corridors
- 14.50 090531 **Sarajlić M. & Jogan N.:** Flora of traffic corridors of the city of Sarajevo

11.00-12.20 & 14.00-15.20 Session 10. Cryptogam Biology – Introductory lecture and Oral presentations, Amphitheatre 2

- 11.00 011010. **Sabovljević M. S. & Sabovljević A. D.:** Bryophyte sanctuary (BBGB collection): needs, problems, trends and achievements
- 11.20 031028. **Alegro A., Šegota V., Vilović T. & Papp B.:** New checklist of Bryophytes of Croatia within Flora Croatica database
- 11.35 041001. **Širka P. & Sabovljević M. S.:** Preliminary results of study on bryophyte assemblages from selected spoil heaps in Slovakia
- 11.50 051004. **Pantović J. & Sabovljević M. S.:** Bryophytes of Serbia - progress, updated check-list and annotations
- 12.05 061033. **Ilić M., Čuk M., Igić R. & Vukov D.:** Bryophytes of the Fruška gora mountain (Serbia)

12.40-14.00

Lunch – Restaurant “Zeppelin”, Kej žrtava racije bb, Novi Sad

- 14.00 021015. **Papp B.:** Exploration of the Balkan bryophyte flora with a special attention to the rare and threatened species

- 14.20 071017. **Bačić T., Martinčić A. & Strgulc Krajšek S.**: Rediscovery of liverwort *Mannia triandra* in Slovenia
- 14.35 081026. **Koletić N., Alegro A., Vuković N., Rimac A. & Šegota V.**: Discontinuity in research of macroalgae in Croatian freshwaters - the implications of the gap between historical and recent knowledge
- 14.50 091018. **Goga M., Baláž M., Đorđević T., Marcinčinová M., Ručová D., Bačkor M., Lang I. & Weidinger M.**: Calcium oxalates in lichens. The potential role of squamules in detoxification strategies
- 15.05 101030. **Bošković E., Galović V. & Karaman M.**: Distribution of individuals in populations of Basidiomycetes *Mycetinis alliaceus*, *Marasmius rotula* and *Gymnopus androsaceus* from Serbian and Montenegro forests

15.20 010901 **Dafni A. & Boeck B.** Medicinal plants of the Bible - past, present and future (closing lecture) Amphitheatre 1

15.40 **Closing ceremony – Amphitheatre 1**
